

# COMPUTER METHOD FOR COLLECTION AND DELIVERY OF INSURANCE STATUTORY REPORTING INFORMATION

## Abstract of Disclosure

A comprehensive system for providing hosted service for insurance company reporting and data analysis is disclosed. Using the power of an open computer network such as the internet, the system facilitates the data entry, recording, storage, reporting, and analysis of the information that insurance companies must provide to the National Association of Insurance Commissioners (NAIC), and to the states where those companies are licensed to do business.
